Our June Ocean View Pier Tournament

On June 10th, we kicked off our 2018 Summer Pier Fishing Tournament! It was a typical mid-June day; HOT, zero cloud coverage and clear waters. We were targeting Croaker, Roundhead and Blue Fish. We had about 20 participants total, 3 of which were children. It was a slow day for fishing but all three species were caught and turned in. Weylin swept the kids division of the tournament, catching all three species and had the biggest catch of the day, over all! For the adult division, Maky caught the biggest Croaker and Blue Fish and Gregory caught the biggest Roundhead. It was a perfect day for some friendly competition!

A huge shout out to everyone from the VBAC who took time out of their schedules to come assist with our first event at the Ocean View Fishing Pier! A special thanks to Ocean View Pier for hosting this event. It was professionally run and a lot of fun for everyone who participated. We look forward to our next pier tournament on July 15th! – Bryan Watkins

Dear BoatUS Member:

An important positive change to federal laws involving saltwater fishing is about to be voted on in the U.S. House of Representatives and Senate. The **Modern Fish Act** (part of H.R. 200 and S. 1520) will help improve public access to America's federal waters, promote conservation of natural marine resources, and spur economic growth by fixing key issues in the law governing marine fisheries. Ask your members of Congress to **support** this legislation and help ensure fisheries management that works for recreational fishing.

[Take Action](#)

The Modern Fish Act is a comprehensive package specifically aimed at addressing the needs of the nation's 11 million saltwater recreational anglers. It will improve management of fish stock, give better access to America's federal waters and promote conservation of our shared natural marine resources. You can learn more about this issue from *BoatU.S. Magazine*:

[40 Years Of The Magnusen-Stevens Act - June 2017](#)

If you love to fish, please [speak up now](#), send a message today, and consider sharing this information with your fishing and boating friends, neighbors, yacht clubs and marinas.

Seaton Youth Day

I would like to thank everyone that helped out with our Seton Youth Event this year! We held it at the Ocean View Fishing Pier and we had over two dozen members volunteer, and had over forty guests! It was a great turn out. The kids had a great day on the pier and caught quite a few fish. Even some of the other folks on the pier got into it showing the kids new fishing techniques. It got quite hot, but everyone still had a great time. We also were able to have every kid win a prize in our raffle and had an excellent picnic before the rain came. Again, thank you to all the volunteers and we are looking forward to putting on an even better event next year.

Deep Drop Fishing – Submitted by Kelly Hoggard

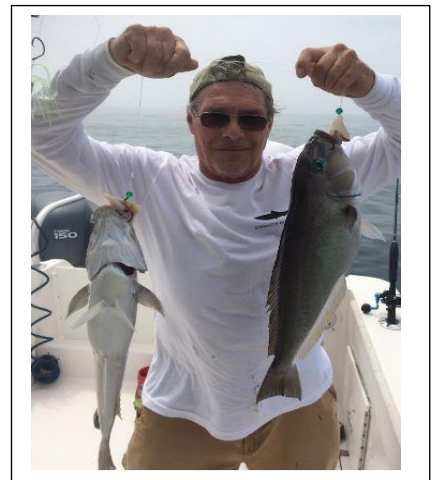

Went deep drop fishing with Blind Date Charters and Captain Stan Gold. Other anglers on the trip included Ron Hillin and Rob Stommel. It was a pretty day with thick fog covering the fishing grounds. Within seconds of our first drop, we were on the fish. Sea bass were mixed in with the blue line tilefish. After nearly limiting, we traveled to the golden tilefish area but two lengthy drifts yielded little results. We went back to the blue line tiles after to finish our limit and head home. Two at a time was commonplace, with Rob getting them on many drops. Ron ended up with the best fish of the day, a citation blue line. Also nice was the sea bass caught by Rob Stommel. His sea bass was a hefty 3lb 13oz. It was my first time dropping for tiles and I had a great time. It's always fun to do something new. On the way back, we got to see the new US Coast Guard Cutter Hamilton. Looking forward to trying again in the future.

Cobia!

Jerry Hughes went out twice recently for cobia. Once with Russell Willoughby and Mike Anderson. They managed to catch 3! Two of these beauties were 43" and the 3rd was 34" and released.

The second time, he was alone and, in spite of the heat, managed to catch three but none reached 40". The one shown below measured 36". All were released.

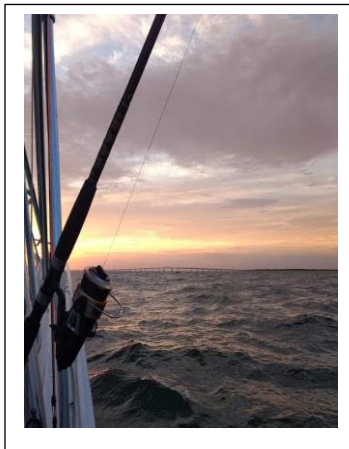

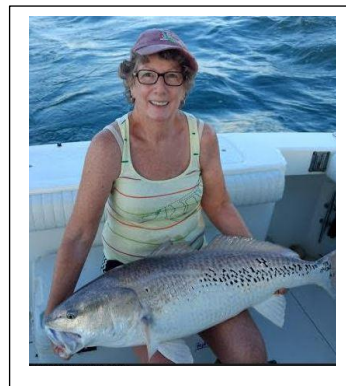

**Keep trying Jerry!
And Good Luck!**

Red Drum Trip 6/5/18

Henry and Mary Troutner, friends of mine who are members of Norfolk Anglers Club invited Russell and me to a red drum trip on Henry's 35 ft Cabo to the Nautilus Shoals off of Fisherman's Island. We quickly found that the winds were SE about 10-15 once we got past the 2nd Island of the CBBT. But on Henry's boat it was still a pretty easy trip. We began to set up our lines at 6:30 pm and before Henry could set up Mary's rods he had a fish on. Russell quickly follow suit and that began catching one fish after another for about 2 and 1/2 hours we caught 16 red drum ranging from 37 inches to 49 inches which was Henry's. It was wild action and very tricky netting of the fish since the winds increased that kept us always having to hold on because of the rocking of the boat. Russell ended with 5 red drum the biggest 47 inches. I caught 4 red drum 38-44 inches. Mary caught 4 red drum with the biggest being 47 inches and Henry finished with three but had the biggest of the night with his 49 incher pictured here. All in all a great trip with all fish being at least a VBAC club minimum and three state citations.

Blessings,
Ike

Went spade fishing with Victor Minak and Jay Graber on what felt like the hottest day of the year out at the light tower. Calm winds and dirty water was out off the beach. We fished the tower and even with divers (maybe spear fishing but not shooting anything) around, the bite was on. We didn't manage any monsters but some were big enough to bring home. Must have caught at least 75 spades, mostly small though. After a limit of spades, we fished the reef for a flounder. The drift was nice with plenty of bites. A few seabass and flounder were caught, but all were shorts. Jay caught this fat 3# oyster toad, the biggest I had ever seen in person. I also managed a large sea robin weighing in at 11lb 8oz. The bright orange color and large pectoral wings was fascinating to see. We had out a couple of spade rigs in case the big ones were out in the open water. A couple of small fish were caught. A pair of big ones did bite, both lines broke before we could get them in. We managed about 7 flounder up to 14". We also caught 3 tagged fish (2 spade, 1 Sea Bass) during the day, which will help VIMS with their fish data sets.

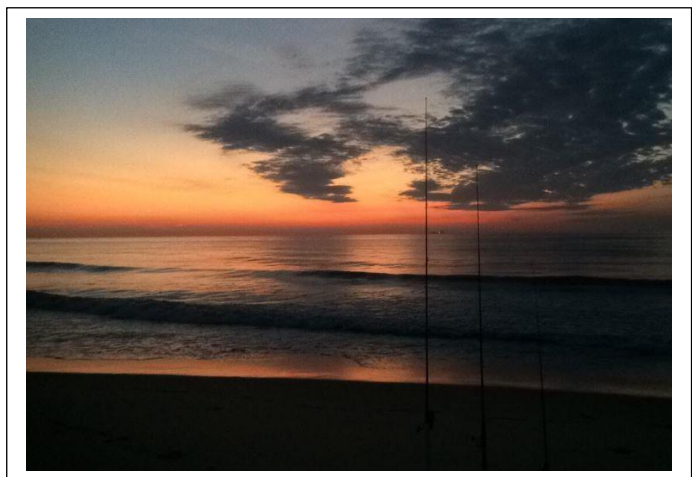

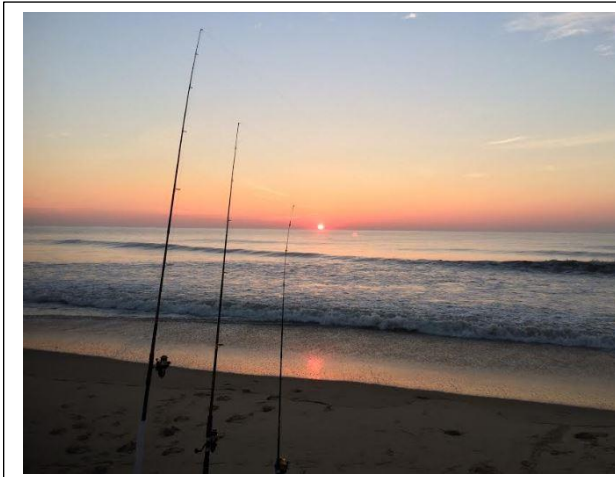

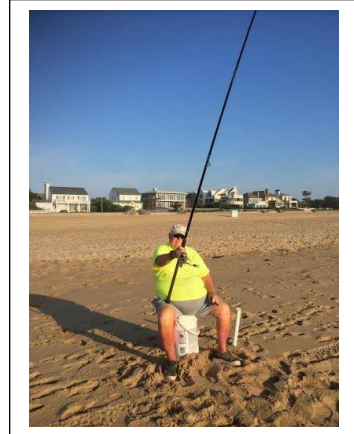

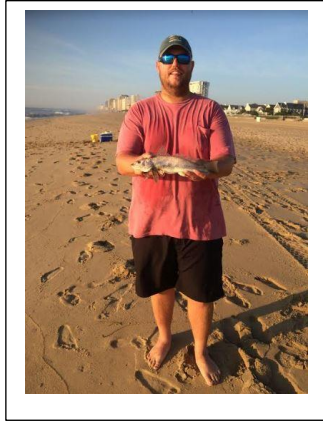

Looking forward to going boat fishing again, likely in late July for white marlin.

Can't catch the fish on the couch, get out there and go fishing.

Surf Fishing With Bob & Kelly

The Journey Continues

Went down well before Sunrise at 46th street on Friday 6/29/18. I fished with Bob Burstein and he joined me right when a bluefish slipped by. Hoped to get a good roundhead bite but action was very slow. One bluefish early and some small pup sharks and skates throughout the day. I did manage a nice 14.25" roundhead in the surf. Fishing has been pretty inconsistent in terms of numbers but a solid fish or two will be around each day. The bigger fish have been in the break water between the bar and shore. The warmer water is slowing down the fish for sure but if you find good clear water, the fishing will be better. I did try Sandbridge this summer but it's been about the same as the ocean front. Plan to go again in July but it will likely be a week or two before I try again. Still working to find that elusive citation roundhead. - Kelly Hoggard

Surf Fishing News Continued

Went surf fishing with Patty Searby on Father's Day morning. I was set up by sunrise and was hooked up almost immediately. Managed only two roundhead in a couple hours of fishing but did catch a career best 15" roundhead and another solid 13.5" roundhead. Planning to try again this summer but need to start focusing on staying in the air conditioning now that the water is hot. Dawn and dusk are about the only times to try until later this fall. Skates and sharks will be plentiful all summer it appears.

Surf Fishing Report

The fall surf fishing tournaments will be here before you know it. The balance of the lodging for the tournaments is due at the July meeting. The amounts due are as follows:

Hatteras Village	\$143
Nags Head	\$ 62
CHAC (Nov)	\$100

LBI is about \$135 paid to the motel when we get there,

Hatteras Village is higher this year because we have the cottage for the whole week. Sun-Sun

Please get your money to me so I can be sure it is recorded in my records.

I know it is the middle of summer and not too much happens in the surf fishing this time of year, but it is still a good time to hit the beaches to make sure your gear is in good shape and practice your casting skills. A big part of surf fishing is putting the bait where the fish are so distance is only a part of casting skills, you also have to be able to accurately place your bait. GOOD LUCK TO ALL THE TEAMS MEMBERS ON THIS YEARS SURF FISHING TOURNAMENT TEWAMS!!!

VBAC MISSION STATEMENT

The purpose of the VBAC is to encourage sport fishing, both freshwater and saltwater, while supporting prudent governmental and other policies that promote the preservation, conservation and ecology of all marine life.

Our Objectives:

- ❖ Monitor legislative and regulatory activities relating to management of local and regional fisheries and participating actively, where appropriate, to assure the adoption of sound management policy and practices that best serve the interests of VBAC members.
- ❖ Promote interest and participation in recreational angling by conducting programs and activities that encourage sport fishing.
- ❖ Educate members and others in the techniques of sport fishing to enhance their enjoyment of the sport.
- ❖ Conduct social activities that create a wholesome climate for deriving the maximum pleasure from sport fishing by members, their families and guests.
- ❖ Plan and conduct fund raising activities to provide the revenues needed to support these objectives.
