The President's Corner

First, I would like to wish you all the Happiest of Holidays! The weather is getting chilly but there are plenty of Seabass still to be caught, and now that the water is really cooling down the Tautog bite should really pick up. I hope to see all of you at our annual Holiday potluck gathering on December 2nd.

Wishing you fair winds, following sea and tight lines!

Chris

Boat Tax Refunds

Hey, DO YOU WANT TO GET SOME OF THE MONEY YOU SPENT ON BOAT GAS BACK FROM THE STATE? Would a little extra cash during the holidays help your wallet?

It's yours for the asking, and like all things involving the state, the ask is simple in principle.

Did you know that \$0.26 of each gallon of gas (or \$0.27 for diesel) that you put into your boat is earmarked by the state of Virginia for a fuels tax fund which goes directly to maintain roads and highways in the state?

And you do realize that you don't drive your boat on the roads or highways in Virginia, right? So those monies that you are paying the state are not applicable to boats that are used on the waterways.

The State decided some time ago to make it possible for that money to be returned to boaters via a refund process, which unfortunately has not been widely advertised.

VSSA is hoping to spread the word among all the boaters out there to help you get a Christmas (or New Year, or Valentines, or whatever) bonus through the **Fuels Tax Refund** program.

You are probably wondering, what kinds Of boats are eligible? Well, that's simple: the DMV website says plainly under their ELIGIBLE USE CONDITIONS, boats or watercraft:

1. Used in operating or propelling commercial watercraft.
2. Used in operating or propelling recreational and pleasure watercraft.

That means pretty much any boat that is out on the water for whatever reason.

HOW DO I DO THIS?

The refund process is straightforward. Registration is required the first time you use the [Fuels Tax Online Refund](#) system; thereafter, logon with your email address and the password you have chosen for your account.

To register for an account online, go to the [DMV Fuel Tax Refund Page](#).

Then fill out the online web form to make your claim. Be careful following the prompts!

For first time applicants, just gather all of the receipts for the gas you bought for your boat in the past year and scan them to make either electronic copies or paper copies of the receipts and submit them with your first claim in the system. Future claims do not require that you send the receipts with the claim, but you must retain the them.

The online system is the easiest to use, but if you don't like doing this stuff online and want to do it with the paper form, just print out the PDF Refund form available at:

<https://www.dmv.virginia.gov/webdoc/pdf/ts216.pdf>

and mail it in to DMV along with paper copies of your receipts at this address:

Virginia Department of Motor Vehicles
Tax Services, Room 601
PO Box 27422
Richmond, VA 23269-7422

WHAT'S THAT YOU SAY?

You didn't save any of your fuel receipts from this past year? Uh-oh!

That's unfortunate . . . as you have to have them. But there's always tomorrow!

Vic Maron – 0 fish; 0 points

*returning anglers for 2022

The Virginia Beach Anglers Club put in a good effort at the CHAC Surf Fishing Tournament November 4-6. We fished two teams. Team B got the best of Team A in this one. In a twist of luck, the two teams fished next to each other on Friday morning south of the point. Team B fished site 70 and Team A fished site 71.

Team B finished in 21st with 11 fish for 67 points. Greg and Doug both led the team with puppy drums. Greg's puppy drum measured 26 inches and scored 28 points. Doug's puppy drum measured 22 inches and scored 16 points. They both caught their puppies at the start of the morning on day two and contributed to one of the highest scoring sessions in the tournament Friday morning. On Friday afternoon, Mark lost a nice puppy drum in the wash that could have vaulted the team up the leader board even further. As always, lessons were learned from marks near catch and it makes each member who hears of the account a more prepared angler for next year.

Team A started the tournament off well on day one. They were nearly top 10 after the first session with Robbie's 28.75 inch puppy drum to start the Thursday morning session. Though it was a great start, they scored little throughout the remainder of the tournament and slowly fell down the leaderboard to 24th. Team A finished with 10 fish for 56 points.

CAPE HATTERAS SURF FISHING TOURNAMENT 2021 continued

The winds started to blow that week on Tuesday afternoon when a front came through. From then on, winds blew a consistent 20+ mph out of the north, slowly shifting to the north east by Friday afternoon. Saturday, winds howled from the East and North East. Seas were building to 10+ feet and there were threats of washouts on the island. A few anglers braved the conditions and fished Saturday mornings individual tournament. Doug, Robbie, Kelly and Brian (one of Doug's sons) all fished Ramp 48 together on Saturday morning with little luck. There were a few roundhead and bluefish caught but they were all small. With an hour left, Kelly decided to throw out a shark rig and did get lucky to wrestle with Sand Tiger shark! It was about 80" and was a nice catch for the conditions.

The last of us left Hatteras on Saturday afternoon. NC12 did not last long as it washed out partially during the Saturday evening high tide shortly after sunset. It reopened just long enough for a few vehicles to get out on Sunday morning before high tide again claimed the road. NC12 remained washed out until Tuesday afternoon. Seas peaked on Sunday at about 10-15 feet and caused some serious damage along parts of pea island. Problems remain from the washout and are continuing weeks later. North Carolina Governor Cooper declared a state of emergency to provide emergency funds for repairs through Christmas. The CHAC tournament concludes our yearly schedule of surf fishing events. We are excited to be fishing more events in 2022 and look forward to having as many of our anglers as possible involved. Keep an eye out for the February and March drawings for the 2022 surf tournaments!

VBAC Election 2022

VBAC Members,

It's time for our annual election of Officers and Directors for 2022. Below is the slate of Officers and Directors up for election. All of the Officers will be elected for a one year term and the three Directors will be elected for a three year term. The VBAC has a staggered Board of Directors, which means that last year; Gary Doerhoff, Pat Searby and Kelly Hoggard were elected for a three year term and still have two years left, and George Gabriel was elected to fill the unexpired two year term of Brian Watkins. In 2019, Ronnie Nixon and Ike Eisenhower were elected for a three year term and still have one year left to serve, together with George Gabriel. Here is the slate of Officers and Directors for 2022:

President Chris Schneider

1st Vice President Mark Lozier

2nd Vice President Vacant

Treasurer Mike Anderson

Recording Sec. Russell Willoughby

Corresponding Sec. Bob Stuhlman

Board Members: Preston Mangum, Gerry Mariano, Lou Coriligano

As always, at the November General Membership meeting, anyone can be nominated from the general membership to serve in any of the positions listed above. This slate and any floor nominations will be voted on at the December annual meeting.

**Bob Stuhlman
Corresponding Secretary
VBAC**

Yeti Cooler Raffle

VBAC YETI COOLER RAFFLE

No fishing trip, camping trip or tailgate is complete without the Yeti Tundra Haul Cooler. Built like a workhorse with its virtually indestructible construction, this 13.8 gallon/55 quart cooler features reliable insulation to keep your catch, beverages and food items icy cold for days on end. Two durable wheels set the Tundra Haul apart by making it easy to tow from campsite to car via a strong, welded aluminum arm that is just long enough so you don't nip your ankles in the process. The rubber lid latches are specially designed to hold up to years of latching and opening, and the hidden side handles keep the cooler's profile sleek and easy to store while still providing you with a means to lift it into the car.

Retail price for the cooler is approximately \$400.00. Raffle tickets are only \$5.00 each. Only 500 tickets will be sold. Tickets will be on sale at all meetings and functions. If unable to attend, please call Bob Burstein at 267-994-7423 or email vbangersclub@gmail.com and he will arrange tickets for you. If you would like to assist and sell tickets please contact Bob also.

The winning ticket will be drawn at the December 2, 2021 VBAC General Membership meeting.

You do not need to be present to win.

Surf Fishing News

Went 10/17 on sandbars Saturday 11/13 on Hatteras island. Could have caught a lot more if I wasn't fishing solo. Still feeling sore all over. Very grateful I got into the sandbar bite before the year was over. I managed to fill all of my remaining shark tags before putting the gear away. After the shark fishing, I decided to throw a line for some Roundhead. In 10 minutes, I had three from 14-16". What a great 3 hour fishing session! Kelly Hoggard.

Salt Water News

Prize releases on 11/4/21

Ned Smith and I went fishing the Pretty Lake in Louis' boat with the wind blowing at about 10-15mph from the NE and caught only throwbacks out of several places there. This was fun but just before we decided to give up on the fishing we decided to try the jetties just in case there might be a bite if the wind allowed us to cast adequately. We set up in about 5ft of water and having to throw into the wind when we wanted the lure to hit near the rocks. On my first cast I hooked a nice 19 incher on a 20MR MirrOlure and that began a period of catching one after another, almost every cast I was able to hook up a keeper sized fish. At the same time Ned began catching the same way. I ended up with a 21.5 inch prize release and a 20 inch prize release. Ned also got a 20 inch prize release. We just kept fishing until they slowed down and we started getting tired and the wind got stronger. We counted 32 keeper fish over the three hour period. The key seemed to be to let the lure drift with the outgoing tide before twitching the lure. They seemed to bite right after that first twitch. We kept our limit of ten with all other fish being released.

Blessings,

Dr. James W. Ike Eisenhower

Fresh Water News

Hi. Hope all is well with you guys. I am sending some photos from this past Tuesday in the Piankatank River. Alan and I got into a mess of fish, mostly bowfins, but they were hitting just after the bait hit the water. We caught about 50 bowfins. I got two that were 28 inches and two for 23 inches, the rest were not club points. Alan got several that were 24 inches and he got a release citation yellow perch. I also got a chain pickerel that was 23 inches, and we both caught some chunky, but short, bass. We had never seen a concentration of bowfins like that before. We were anchored in the same spot all afternoon and could see fish coming down the river. Nice day, but temperature kept fluctuating with the wind.

I also have some info regarding dept of natural resources. Alan got robbed of a release citation from the previous week. The DNR informed him that they had changed the rules for release citations and that you have to have a photo with the length of the fish showing clearly in order to get a release citation, even with a witness.

They said they put out a notice, but I did not see one. Pass it on, please.

A Great New Car Wash is Here! Fast...Clean...Easy **Free**
Vacuums Always!

FAST

Coastal Breeze Car Wash is uniquely fast and precise. We offer a three stage process that cleans, protects, and shines your car in under 8 minutes from the moment you pass through the gates. After you are done, go and visit one of our 20 FREE High Powered Vacuum stations to give your interior the cleaning it deserves.

CLEAN

We partnered with world class chemist from industry leading brands like Simoniz and Rain-X to be at the forefront of car wash technology. Each stage of the car wash process is meticulously tuned and chosen to provide you with a clean and shiny exterior we all can be proud of.

Stage 1

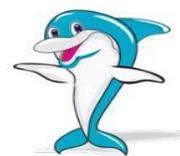

Your car goes through the cleaning process to remove dirt and debris.

Stage 2

High quality waxes are applied to your vehicle to provide a showroom quality shine.

Stage 3

We seal and protect the paint with our carefully curated protectants.

EASY

At Coastal Breeze we take pride in making the customer experience simple and easy. Everything is done in three easy steps.

Step 1

Pay using our easy to use kiosk, or skip paying and save money by using a Fast Pass "Breeze thru" plan.

Step 2

Our state of the art equipment will guide you through the three stage cleaning and drying processes.

Step 3

Visit our free high powered vacuums to finish the process, and enjoy the rest of your day!

VBAC MISSION STATEMENT

The purpose of the VBAC is to encourage sport fishing, both freshwater and saltwater, while supporting prudent governmental and other policies that promote the preservation, conservation and ecology of all marine life.

Our Objectives:

- ❖ Monitor legislative and regulatory activities relating to management of local and regional fisheries and participating actively, where appropriate, to assure the adoption of sound management policy and practices that best serve the interests of VBAC members.
- ❖ Promote interest and participation in recreational angling by conducting programs and activities that encourage sport fishing.
- ❖ Educate members and others in the techniques of sport fishing to enhance their enjoyment of the sport.
- ❖ Conduct social activities that create a wholesome climate for deriving the maximum pleasure from sport fishing by members, their families and guests.
- ❖ Plan and conduct fund raising activities to provide the revenues needed to support these objectives.
