The President's Corner

Well Fall is coming fast, the summer seemed to fly by this year. There is still plenty of great fishing to be had. The club has plenty of surf fishing opportunities for you to get involved in. Come out to Sandbridge this weekend and join us for the Stan Sutliff memorial tournament. Please mark your calendars for our annual Oyster Roast it is always a good time. Wishing you fair winds, following seas and tight lines.

Chris

Upcoming Events

Monthly Meeting:

When: October 7, 2021 7:30 PM

Where: Foundry United Methodist Church

Meeting Speaker: Russell Willoughby

Meeting Subject: Fishing for Puppy Drum

October 2 – Stan Sutliff Memorial Surf Tournament

October 7-8 – Nags Head Surf Fishing Tournament

October 9 – Crab Creek Clean-up

October 16 – Fall Oyster Roast

October 21 – Board Meeting

RED DRUM

(Channel Bass, Redfish, Puppy Drum, Spottail Bass) *Sciaenops ocellatus*

Description: copper to bronze colored back, fading to a white belly; may be more silvery in appearance in clear or ocean waters; one to several ocellated spots occur at the base of the tail; caudal fin is slightly lunate and pectoral fin is rounded; large scales and underslung jaw.

Similar Fish: closely related and similar in appearance to Black Drum; distinguishable by lack of chin barbels (which are present on black drum),

rounded shape of pectoral fin, ocellated spot or spots at base of tail, slightly lunate caudal fin, and generally more streamlined body shape.

Size: up to 100 pounds; average size is 10 – 50 pounds; small fish, called puppy drum, are found in river estuaries, bays, and coastal waters and range from 8 – 20 inches in length.

This Month's Quote

All my life I thought air was for free. That was until I bought a bag of crisps.

Chili Cook-Off

As part of the NOV VBAC meeting, it has been suggested by Patty and approved by the Board that we will have an informal chili cook-off as part of after meeting snack. This cook-off is open to ALL and each entry will be judged by a secret panel (entrants in the event are not eligible as judges).. The court will set its own criteria and their decision is final. The big award is bragging rights.

Here are a few rules:

- 1. Cook at home, church kitchen will not be available except for possible re-heating.**
- 2. All food products are allowable, including wild game; roadkill is not allowed due to we don't know the vaccine status nor what dumpsters it has dined in.**
- 3. While your recipe/ingredients are not requested, please label your dish if the food is HOT or spicy.**
- 4. Large quantities are not needed, enough to serve a dozen or so. Hopefully enough cooks will enter that we have plenty for whole group.**

Please respond your intent to enter the cook-off prior to the NOV meeting to either Gary or Patty.

The club will supply tableware and as usual, drinks/chips/etc..

Gary and Patty

October Oyster Roast

For initial planning purposes the following information is provided:

Date **October 16, 2021, rain or shine**

Time **12 noon**

Location **CBF Brock Center**

Menu **Roasted Oysters**

Grilled Chicken

Hot Dogs & Chili

Donation **Please bring a homemade
desert or side dish.**

Gate **Free to members/family.**

Guests - \$10.00

Raffle **Winners Choice - 50/50,
rod/reel combo, Bloody Mary Basket, plus
some additional items may be added.**

**Please be flexible with our planning. In
light of potential COVID restrictions down
the road things may change. We will keep
you informed.**

There is currently a spot open on the Nags Head fishing team for October 7 and 8. We need to fill this spot. This spot will be filled on a first come – first serve basis. Anglers club members who fish the tournament will be responsible for the lodging and participation fees of \$166 for the week. Interested anglers should contact Kelly Hoggard immediately to fill any openings or to have their name added to the list of alternates of any fall tournaments.

September 2021 Fishing Report: Wade Fishing the James River in Richmond

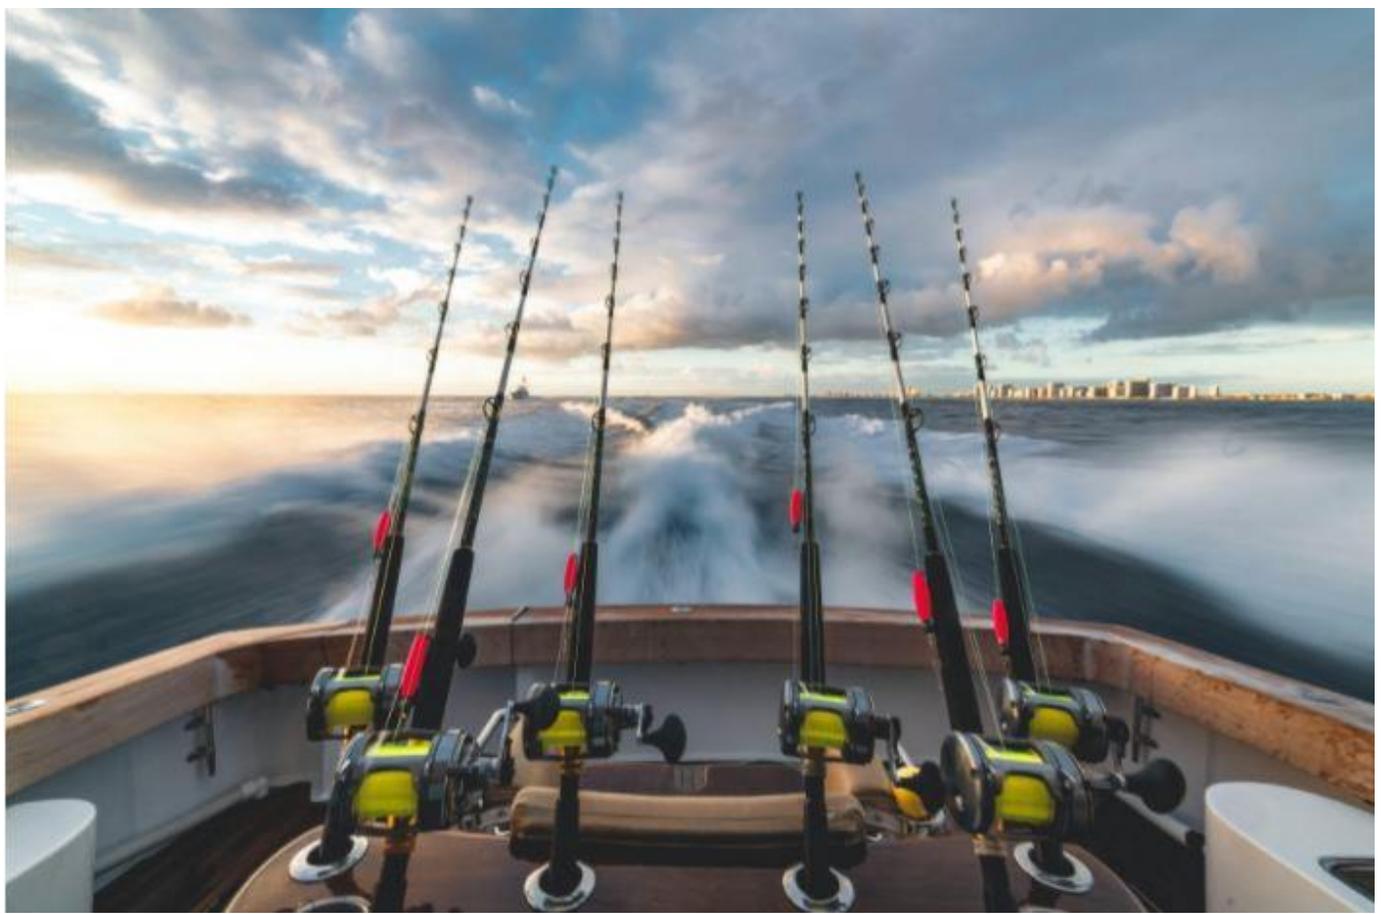

The James River in Richmond offers some outstanding opportunities to wade fish in late summer and early fall. In this report, Alex McCrickard, DWR Aquatic Education Coordinator, covers techniques and tactics for fly fishing in the city, as well as the best locations to access the river, and tips for wade fishing safety. Johnathan Harris, DWR Fisheries Biologist, discusses his favorite lures to use to be successful on the James when spin fishing during this time of the year. As an added bonus, we announce our new state record archery longnose gar that was recently approved by our state record fish committee.

2022 Calendar Pictures

The 2022 Virginia Beach Anglers Club calendar search for photos is underway. We are looking for scenic photos of the local area. As the fishing/boating season progresses, please enjoy your surroundings and take pictures of the historic, scenic, wildlife and beautiful area. After taking your pictures please forward to the club's email address, attention 2022 CALENDAR PHOTOS. In the fall a committee will review the photo file and select thirteen pictures for inclusion in the 2022 calendar. If possible please take or crop your photo in landscape orientation. We look forward to your submissions.

Yeti Cooler Raffle

VBAC YETI COOLER RAFFLE

No fishing trip, camping trip or tailgate is complete without the Yeti Tundra Haul Cooler. Built like a workhorse with its virtually indestructible construction, this 13.8 gallon/55 quart cooler features reliable insulation to keep your catch, beverages and food items icy cold for days on end. Two durable wheels set the Tundra Haul apart by making it easy to tow from campsite to car via a strong, welded aluminum arm that is just long enough so you don't nip your ankles in the process. The rubber lid latches are specially designed to hold up to years of latching and opening, and the hidden side handles keep the cooler's profile sleek and easy to store while still providing you with a means to lift it into the car.

Retail price for the cooler is approximately \$400.00. Raffle tickets are only \$5.00 each. Only 500 tickets will be sold. Tickets will be on sale at all meetings and functions. If unable to attend, please call Bob Burstein at 267-994-7423 or email vbangersclub@gmail.com and he will arrange tickets for you. If you would like to assist and sell tickets please contact Bob also.

The winning ticket will be drawn at the December 2, 2021 VBAC General Membership meeting.

You do not need to be present to win.

OFFSHORE SURVEY WORK SEAWARD OF VIRGINIA AND NORTH CAROLINA

Avangrid Renewables will continue to study the Kitty Hawk Offshore Wind Lease Area (OCS-A 0508) and potential export cable corridor routes by conducting High Resolution Geophysical and Geotechnical Surveys from September 17 through mid-December 2021. The purpose of the surveys is to characterize seabed/sub-surface conditions. This survey campaign will include a high-level reconnaissance survey of a cable corridor from the southern corner of the lease extending southerly to Atlantic Beach, North Carolina. Survey work will include multibeam bathymetry, magnetic measurements, side scan sonar imaging, and sub-bottom profiling. The surveys will be conducted by two survey vessels, the ISLAND CHAMPION and DEEP HELDER.

Survey Area	Survey Period
Kitty Hawk Wind Lease Area	September 17 – October 15, 2021
Northern Cable Corridor to Virginia Beach	September 27 – October 7, 2021
Southern Cable Corridor to Atlantic Beach, NC	October 9 – December 6, 2021

The ISLAND CHAMPION will be supported by two 25' Armada 8 autonomous survey vessels. The autonomous vessels will be operated remotely by and within line-of-sight of the ISLAND CHAMPION. The survey vessels will be towing survey equipment astern and request 0.5 nautical mile closest point of approach. Survey vessels will monitor VHF 16 and 13.

ARMADA 8

CONTACT: Rick Robins, Fisheries Liaison

Email Rick@fathomedgeolimited.com

Mariners fishing or transiting offshore between Virginia Beach, VA and Atlantic Beach, NC are encouraged to note the survey area locations, activities, and timing. The Wind Lease Area is WSW of the Cigar and WNW of the Foul Area, seaward from 36 nm SE of Rudee Inlet and beginning 24 nm E of Corolla, NC. The northern cable corridor extends SE from Sandbridge, VA to the NW corner of the Wind Lease Area. The southern cable corridor in this survey extends from the SE corner of the Wind Lease Area south to offshore of Atlantic Beach, NC. Fishermen deploying tended, fixed fishing gear (drop-nets, drop-pots) or mobile gear in the survey areas when survey

DEEP HELDER

vessels are present are requested to coordinate operations through direct bridge-to-bridge communications with the survey vessels. Fishermen are requested to move any unattended fixed fishing gear out of the following survey areas during the survey periods to avoid loss or damage to fishing gear or survey equipment. Fishermen planning to deploy fixed or mobile gear in the survey areas are encouraged to contact Rick Robins, Fisheries Liaison, to coordinate operations.

The work will comply with all federal requirements from the Bureau of Ocean Energy Management, including vessel speed restrictions and exclusion zones for protected species to minimize disturbance of marine life and habitat.

Salt Water News

Dawn Patrol Fishing at Little Creek:

Louis Glaser and I have been getting out fishing the Little Creek jetties at daybreak most every day lately and the results have been sporadic. Fishing with topwater lures I did manage to catch and release two prize fish club minimums: 9/11 a 21 inch speckled trout and on 9/13 a 22 inch speckled trout. Most of the trips we caught 2-3 trout, an occasional puppy drum and several bluefish each trip with the trout mostly in the 17-19 inch range with Louis usually catching 2 for my every 1. But of course sometimes we ended up with no keeper size trout. The wind effects the topwater action a lot interfering with the “walking the dog” action needed to attract the bite. MirrOlure Topdog surface lures worked the best lately. The big fish are coming in but on in small numbers since the water temperature is still 78-80 degrees. Louis has also been catching nice size puppy drum at dusk in the same areas.

**Blessings,
Dr. James W. Ike Eisenhower**

Salt Water News

Double Limit of Specks at the Little Creek Jetties 9/21:

Ned and I had heard from Louis that he, Jerry Gaines and Bert Sainz had gotten limits of trout at daybreak so we decided to give it a try ourselves on the incoming tide. We got out there about 1pm and the current was hardly moving and it was really low tide. I picked up one 18" speck at the end of the jetty and Ned got a couple of throwback sized ones and a couple of lizardfish. The wind was blowing 12-15mph from the east making casting difficult so we tried to fish a couple of other places to no avail. So we headed into the Pretty Lake. No joy there either, just some ribbon fish as we trolled the length of the lake and through the channel in Little Creek all the way to the #5 red marker. So by then the tide had come up and we could see good moving current. As soon as we set up at the jetty again I hooked up with a nice 19 inch speck, then a 21 incher that I released, then one after another from 16 inch to 19 inch. They loved my silver MirrOlure MR 52 so I lent Ned a silver MR 27 to Ned then he started hooking them up. Then he hooked something that pulled line like crazy making us think it was a cownose ray. After a 10 minute fight it turned out to be a 26.5 red drum almost slot keeper. So Ned released it no worse for wear. Overall we caught 16 specks 16-21 inch and that one red of Ned's. Kept our double limit and released 6 specks. We were worn out by 6pm and left them biting. Bait was everywhere around us and the fish were not near the rocks. Best day catching this year. Obviously the specks are in bigger schools now even though the water was still 79 degrees. I heard Louis and Bert went out the next morning and did the same thing.

**Blessings,
Dr. James W. Ike Eisenhower**

Salt Water News

Dave Steele and Bob Stuhlman caught two 22 inch flounders and a keeper Sea Bass at the Cape Henry Wreck. Outgoing tide, 50 to 70 feet of water. Used squid, croaker and blue fish strips.

Salt Water News

Sodus Bay, New York

After hearing rave reviews about the salmon and lake trout fishery in Lake Ontario, Dave Steele, Dennis Blohm and I headed out to Sodus Bay, New York Labor Day weekend. Sodus Bay is about 50 miles east of Rochester, north of the Fingers Lake or about 10 hours north of Tidewater. We had planned on 2.5 days of fishing with Predator Charters. Arrived on a Saturday and fished the half day on Sunday.

Headed out Sunday afternoon and trolled up a King Salmon. The Sunday morning half-day had done real well and we expected a great start until the weather closed in. Five to six foot waves and building winds put a quick end to that day.

The first full day charter started at 6 am on Monday and we soon had another King Salmon in the box. However, the skies to the west darkened and the wind kicked up along with the seas. Between Rochester and Sodus Bay, moving east was another line of thunder storms, 50 mph winds, water spouts and appropriate high seas. Back to the barn again.

Tuesday we headed out very early to try and make up for the lost fishing time from the prior day and a half. Blue bird conditions, light winds and a much calmer lake prevailed. Caught a Coho Salmon early and wondered if one fish caught meant time to head in. Fished to late in the afternoon catching lake trout and salmon.

During the trip we caught 6 Lake Trout to 13 lbs, 2 King Salmon to 16 lbs and 5 Coho salmon to 9 lbs. Highly recommend the trip. Captain Wilkinson was great to fish with and set up our lodging for the four nights we were in town.

Bob Stuhlman

Surf Fishing News

Hatteras Village Invitational Surf Fishing Tournament Results

Virginia Beach Anglers Club Team A

12th place out of 54 teams – 6 fish for 19 points

Competing Anglers: *Kelly Hoggard – 3 fish; 10 points

*Butch Eason – 1 fish; 6 points

*Mark Wray – 1 fish; 2 points

Melanie Bayford – 1 fish; 1 point

Patty Searby – 0 fish 0 points

Rick Hoggard – 0 fish 0 points

Virginia Beach Anglers Club Team B

23rd place out of 54 teams – 6 fish for 7 points

Competing Anglers: *Carl McCoy – 3 fish; 4 points

*Doug Wehner – 2 fish; 2 points

*Bill Searby – 1 fish; 1 point

Russell Willoughby – 0 fish; 0 points

David Thomas – 0 fish; 0 points

Vic Maron – 0 fish; 0 points

Both teams fished hard in tough conditions. Hurricane Larry passed offshore creating swells up to 8 foot high. Day one was dominated by less than ideal beach conditions with dirty water and strong rip currents. Day two saw cleaner water and calming seas with light winds. Fishing was only slightly better as fish began to scatter away from the feeding zones in the trough. As always, VBAC represented well and proved that the out of town teams can compete and score points in all conditions. A few of the teams scored large puppy drum which paved a way to separate their scores from the pack. Bluefish and Roundhead dominated the remaining points. The banquet was invite only but free dinner was served to teams that requested to-go orders.

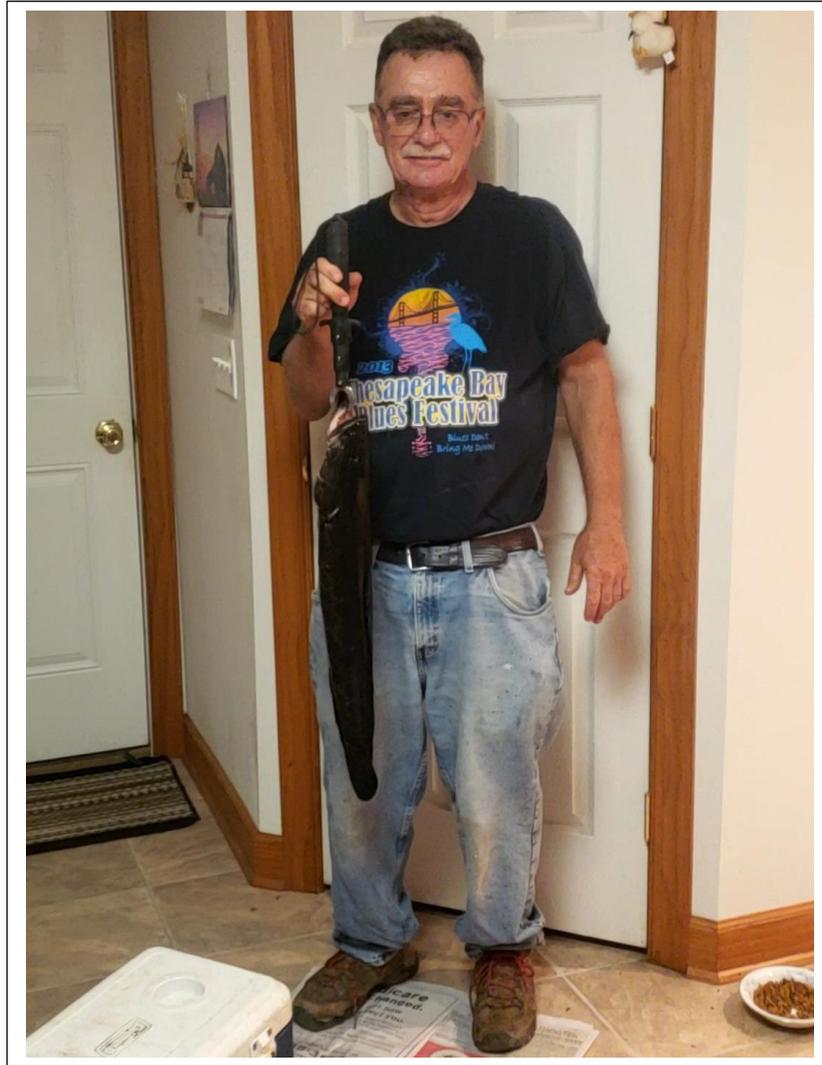

*returning anglers for 2022

A Great New Car Wash is Here! Fast...Clean...Easy **Free**
Vacuums Always!

FAST

Coastal Breeze Car Wash is uniquely fast and precise. We offer a three stage process that cleans, protects, and shines your car in under 8 minutes from the moment you pass through the gates. After you are done, go and visit one of our 20 FREE High Powered Vacuum stations to give your interior the cleaning it deserves.

CLEAN

We partnered with world class chemist from industry leading brands like Simoniz and Rain-X to be at the forefront of car wash technology. Each stage of the car wash process is meticulously tuned and chosen to provide you with a clean and shiny exterior we all can be proud of.

Stage 1

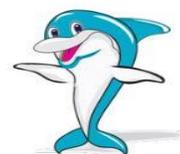

Your car goes through the cleaning process to remove dirt and debris.

Stage 2

High quality waxes are applied to your vehicle to provide a showroom quality shine.

Stage 3

We seal and protect the paint with our carefully curated protectants.

EASY

At Coastal Breeze we take pride in making the customer experience simple and easy. Everything is done in three easy steps.

Step 1

Pay using our easy to use kiosk, or skip paying and save money by using a Fast Pass "Breeze thru" plan.

Step 2

Our state of the art equipment will guide you through the three stage cleaning and drying processes.

Step 3

Visit our free high powered vacuums to finish the process, and enjoy the rest of your day!

VBAC MISSION STATEMENT

The purpose of the VBAC is to encourage sport fishing, both freshwater and saltwater, while supporting prudent governmental and other policies that promote the preservation, conservation and ecology of all marine life.

Our Objectives:

- ❖ Monitor legislative and regulatory activities relating to management of local and regional fisheries and participating actively, where appropriate, to assure the adoption of sound management policy and practices that best serve the interests of VBAC members.
- ❖ Promote interest and participation in recreational angling by conducting programs and activities that encourage sport fishing.
- ❖ Educate members and others in the techniques of sport fishing to enhance their enjoyment of the sport.
- ❖ Conduct social activities that create a wholesome climate for deriving the maximum pleasure from sport fishing by members, their families and guests.
- ❖ Plan and conduct fund raising activities to provide the revenues needed to support these objectives.

2021 VBAC Elected Officials
